MEMORANDUM FOR: THE DIRECTOR

I believe that we should start now to formulate plans for consolidating all of our printing facilities in the new building and that your personal signature on the attached letter to the Public Printer would be the most appropriate initial step we could take.

We have discussed this matter with the staff of the Joint Committee on Printing who agree that we should take over the GPO-State Service Plant, presently located in the basement of the Administration Building, when we move to our new building.

Request signature.
